

HOSA-Future Health Professionals

AFFILIATION
PACKET

GREETINGS FROM HOSA

"Beyond All Limits!" Leaders recognize organizations can be blocked by boundaries — many are mental barriers members themselves create. Barriers are justified with weak excuses such as "no time," "no funding," or "no talent." Therefore, there is a need to operate outside the self-imposed boundaries.

Impossible is a state of mind. Many things we think are impossible are, in fact, possible.

Leaders must investigate challenges to determine if obstacles can be overcome. Leaders who thing outside the box and push beyond their limits achieve the impossible.

Even if something has not been done before, there is no rule that says it cannot be done. There are many examples of "first times:"

- · Discovering penicillin
- · Transplanting a kidney
- · Mapping the human genome

Someone decided something impossible can be done and did it!

HOSA members and sponsors can join together to move "Beyond All Limits" to achieve the

goal. In the graphic, nine HOSA members organized and determined how to move members up the mountain so that five of the

members could summit the mountain and celebrate their ability to achieve "Beyond All Limits" together.

For more than 45 years, HOSA has developed leaders for the healthcare industry and continues to inspire a dynamic generation of future health professionals. It is HOSA's responsibility to develop leaders who are willing to go "beyond all limits" as the best workforce solution to the healthcare pipeline shortages and health disparities. HOSA members are willing to prepare themselves to excel everyone's expectations by combining technical and leadership skills with the practice of working as a team.

With outstanding partners supporting HOSA's goals, high profile health industry leaders serving as role-models to HOSA-Future Health Professionals and extremely committed HOSA Advisors, the 45th Annual International Leadership Conference was in person in Nashville. With over 10,500 delegates in attendance, the ILC was a great success.

The HOSA, Inc. Board of Directors, Executive Council, HOSA partners and sponsors, HOSA-100 National Advisory Council, and Headquarters Staff are fully committed to support the 2022-2023 membership year. Through local chapter membership and organizational sponsorship, we are committed to empowering HOSA-Future Health Professionals to become leaders in the global health community!

Take full advantage of HOSA-Future Health Professionals! Contact your State Advisor if you have questions on how best to lead or advise a member-led HOSA chapter. Since 1976, more than 2.7 million members have benefited from their extraordinary classroom, chapter, and conference preparation as future health professionals. Let HOSA know how we can launch your preparation as a future health professional!

2022-2023 HOSA HIGHLIGHTS

Competitive Events

The 2022-2023 Competitive Events Guidelines are posted at the following link: hosa.org/quidelines.

Be sure to stay up-to-date with all the latest topics, changes, and resources by reviewing the CE Update at hosa.org/quidelines.

Certificates

Certificates for HOSA Membership, HOSA-100 Club, HOSA 100% Affiliation, and HOSA Gold Chapters are available online. Download your certificate today at hosa.org/certificates.

2022-2023 Theme: **Beyond All Limits**

As HOSA enters a new year of leadership, opportunities, and potential, we want to encourage members to go beyond all limits as they begin to play a critical role in improving quality health care for all.

This next year of leaders will change the game with innovations in education and in the health industry.

Download this year's ILC conference logo as well as HOSA's logo at: hosa.org/brand

Be sure to follow @hosafhp on Facebook and Instagram! Tag #HOSA and share your #HOSAHappenings with us!

HOSA Service Project

HOSA's Service Project is Be The Match®. HOSA will work with Be the Match in raising funds and awareness for the National Marrow

Donor Program (NMDP). HOSA is proud to be working with Be The Match

BE THE MATCH®

to help save lives through transplants for thousands of people diagnosed with lifethreatening blood cancers like leukemia and lymphoma. Be The Match® is a global leader in bone marrow transplantation and conducts research to improve transplant outcomes that provide support and resources for patients and partners with a global network.

For more information on recognition opportunities, please visit hosa.org/serviceproject.

HOSA

AFFILIATION INSTRUCTIONS

STEP

1

In order to use HOSA's Affiliation System, you must have your chapter's charter number and password. If you are a new chapter or you do not know your chapter's charter number or password, contact your state advisor or HOSA Headquarters.

STEP

Go to the HOSA website at www.hosa.org and click on Login at the top right of the home page. Login as a Local Advisor using your chapter's charter number and password.

STEP

From the main menu, be sure to review the affiliation instructions especially if you are unfamiliar with the online affiliation system. Click Complete the Affiliation Application

to begin the chapter affiliation process. Ensure all chapter information is correct including the billing and demographic information. It is important to enter each HOSA member's email and cell phone number for competition purposes. For returning HOSA members, you can re-affiliate these members without re-entering their information. For all new members, please enter the member's name, demographic, and contact information.

Research with leading neuroscience experts

Conduct neurosceince experiments & explore labs

TESTIMONIAL

Nishi G. William Mason High School Ohio HOSA

2021 Advanced Medical & Public Health Internship Participant

"The medical internship was one of the best experiences I've ever had; it was fun, engaging, informing, and mind-blowing. I enjoyed every single aspect from interacting with doctors in Nigeria to learning clinical skills, diagnosing a real-time patient, and hearing from people of multiple organizations such as UNICEF and the WHO. I would 100% recommend this program to everyone who is even slightly interested in the medical field."

SAMHSA is the lead Federal agency for public health efforts to advance behavioral health prevention, intervention, treatment, and recovery for individuals and their families.

What We Do

- Reduce the impact of mental and substance use disorders on America's communities; and
- Improve the lives of individuals living with/or in recovery from mental illnesses and substance use disorders.

How We Do It

- · Provide grant funding opportunities and guidance to states and territories, as well as tribal and local communities;
- Provide technical assistance to grantees and practitioners;
- Publish and share resources for individuals and family members seeking information on prevention, harm reduction, treatment and recovery:
- Collect, analyze and share behavioral health data;
- Collaborate with other Federal agencies to evaluate programs and improve policies; and
- · Raise awareness of available resources through educational messaging campaigns and events.

For more information on SAMHSA grants, programs, products, and data, visit **SAMHSA.gov**.
